This insurance must include:

Comprehensive medical coverage without reimbursement: It must include hospitalization, surgeries, consultations with specialists, laboratory tests, and diagnostics. In addition, the insurance must not operate on a reimbursement basis; that is, the insurer must authorize and pay for medical care directly.

Medical repatriation and funeral expenses: The policy must cover transportation to the country of origin in the event of serious illness or death. This must include medical repatriation and funeral expenses.

Coverage from day one and immediate accessibility: The insurance must be active from the first day of arrival and offer assistance through contact channels such as telephone, WhatsApp, or email.

National and international coverage valid throughout the mobility: The policy must be valid for the entire duration of studies in Colombia and when traveling outside the country during mobility.

The Universidad del Norte recommends that all international students take out **ALLIANZ international health insurance offered by Lacouture Seguros.**

The semesterly cost (5 months) of Allianz International Health Insurance is approximately USD 390.

- If you do not take out the insurance suggested by the University, you must verify that your health insurance includes the items mentioned above.
- For more information about Allianz insurance, please contact Marlen Ospina at marlenospina@lasesoress.com

Immigration Information

Upon arrival in Colombia, international students must present their Letter of Acceptance from Universidad del Norte and their Option for Entry into Colombia to the Immigration Officer.

The two options for entering Colombia are:

This permit is valid for 90 days and may be renewed before the end of the first 90 days. The renewal is called a Temporary Stay Permit (PTP) and costs approximately \$143,000 COP (US\$35).

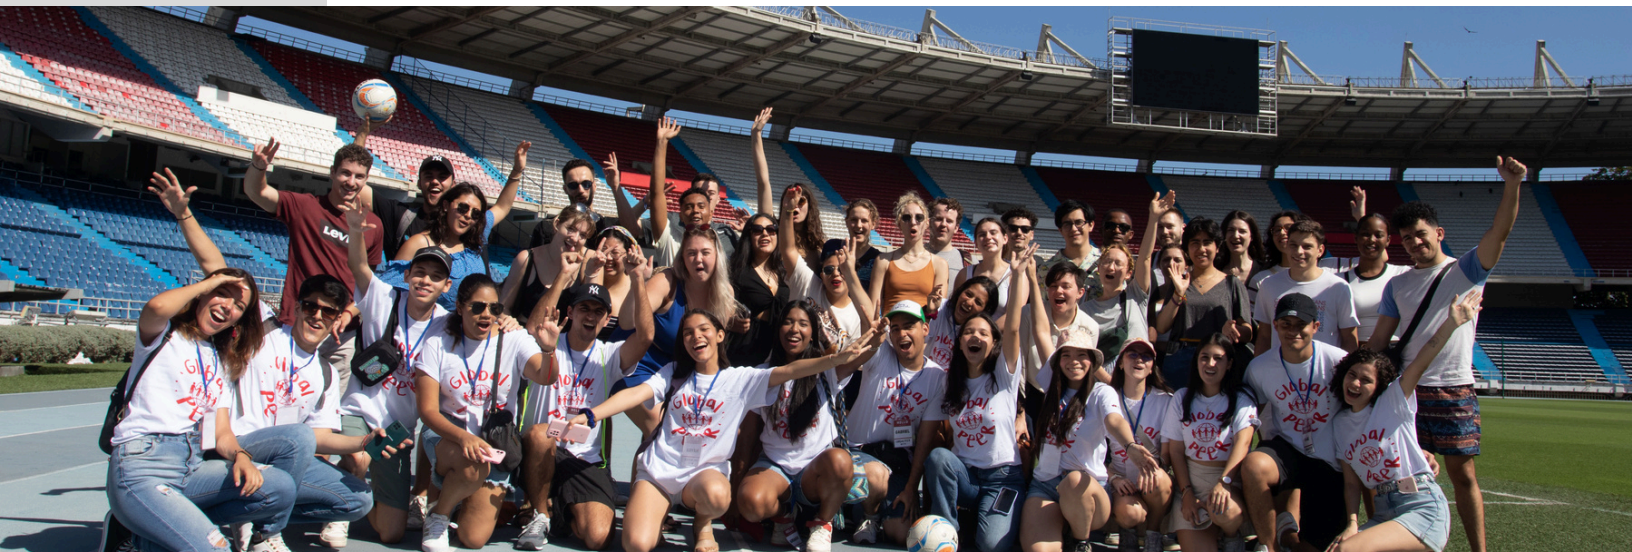

2. Visa de visitante (Tipo V): Aplica para ciudadanos de países que requieren visa para ingresar a Colombia y quienes tengan estatus de estudiante y realicen una movilidad superior a un semestre (más de 180 días calendario).

Los estudiantes que ingresan con Visa de Estudiante tienen 15 días calendario para tramitar su cédula de extranjería colombiana, la cual tiene un valor aproximado de \$ 280.000 COP (67 USD). Este proceso es obligatorio

Additional services for international students

Housing	The University does not have on-campus residences , but it does support students in the process of selecting accommodation by sending them a catalog of recommended accommodation that takes into account aspects such as safety, proximity to campus, and each student's preferences. This accommodation catalog will be sent along with the acceptance letter. Negotiations between the landlord and the student are conducted directly.
