

Department of Industrial Engineering

The Department of Industrial Engineering at Universidad del Norte (Barranquilla, Colombia) is inviting applications for two (2) positions at Assistant Professor level. Candidates must demonstrate successful academic and professional experience in areas related to:

- Finance and Project Evaluation.
- Production Management.

The academic experience must be supported on published research papers, executed research projects, and teaching experience. The salary for these positions is competitive at national level and will depend on the candidate's qualifications.

The candidates must hold a Ph.D. or Master degree in any of the described areas, and proved proficiency in English and Spanish. Candidates must have: capabilities to teach courses on the undergraduate and graduate level, and seminars in the listed areas; competences to prepare, defend, manage and execute research and extension projects in the listed areas; team-work skills and outstanding interpersonal relations with members of the academic and industrial community.

Applicants must submit:

- Curriculum vitae.
- Photocopy of degree or postgraduate degrees.
- A sample article of his/her research, published or in progress,
- A letter stating applicant's trajectory and research agenda (max 2 pages).
- Arrange for two (2) academic reference letters to be sent to the email.
- Send the information requested before the dates stipulated by email to the Ing. Javier Paez, Dean of the Engineering Faculty - jpaez@uninorte.edu.co
